Golasso Sports Tournament Brackets

This Windows® software allows you to process sports tournaments similar to the NCAA Basketball Tournament. Process tournaments with as many as 128 competitors. View and print results on bracket gridlines. Automatic update of the next round's matches after results are entered for a round.

Tournament Sizes

The software maintains up to 18 brackets simultaneously and creates brackets with 4, 8, or 16 slots. For events with 32 slots, create four 8-slot brackets and one 4-slot bracket for the winners of the 8-slot brackets. For events with 64-slots, create four 16-slot brackets and one 4-slot bracket for the winners of the 16-slot brackets (NCAA Basketball Format). For events with 128 slots, set up eight 16-slot brackets and one 8-slot bracket for the winners of the 16-slot brackets.

Options for Entry of Scores

Option 1: Enter the score of each team in their yellow score box. The software will advance the team with the higher score to the next round. Option 2: Enter the match result in the yellow box of the winner and leave the yellow box of the loser blank. This method is best for golf match play tournaments.

Using the Software for Score Entry in Various Sports

Sport	Option 1	Option 2	Option 2 Examples
Basketball	Yes	No	
Football	Yes	No	
Baseball	Yes	Yes	7-1, 4*-3
Soccer	Yes	Yes	3-0, 1*-1
Hockey	Yes	Yes	5-2, 4*-4
Golf	No	Yes	3&2, 1Up, 21Ho
Tennis (Sets)	Yes	Yes	2-0, 2-1, W/O

TIE GAMES with SHOOTOUTS. If a game ends in a tie and there is a shootout to determine the winner, enter the tie score but you must insert an asterisk (*) after the score of the shootout winner.

OVERTIME GAMES: You can also place an asterisk after a score to indicate a game went into overtime.

WALKOVERS: Enter W/O in the yellow box of the winner and leave the opponent yellow box blank.
